SIR,

I have the honour to inform you that I have read in the local papers and heard from indirect sources that the Branch Government Press at Mysore has been abolished from 30th April. Before the final step was taken Government have not consulted me with reference to the question whether the work of the Oriental Library or other Educational work hitherto done at the Branch Press would not suffer by its abolion nor has the Superintendent of the Government Press condescended to consult me in the matter. The Superintendent however appears to have had some informal consultation with the Curator of the Oriental Library to whom he writes as follows:

"The Comeillor Mr Madhiah does not think that the proposal to continue on a small establishment [redacted] of the Branch Press should emanate from me; but if you make the proposal it may be favourably considered. If therefore you desire it, you had better submit your proposal to Government before the end of this month (April) as no establishment will be maintained by me there after the 30th instant (April)."

Thus the Branch Press has been abolished and no provision appears to have been made for continuing the work of printing in future, volumes of the Oriental Library Series and Examination papers of Maharaja's College, Maharani's College and the Mysore Normal School which have hitherto been printed at the Branch Press.

2. I am informed that the type and plant used for the Oriental Library are still in Mysore. Before they are finally removed to Bangalore, I would submit it for the reconsideration of Government whether in the interests of the work of the Oriental Library a Branch Press or a separate Press should not be maintained at Mysore under the direct supervision and control of the Curator of the Oriental Library and

the Kannada Translator who are both in Mysore. For a long time under both Mr Garrett and Mr Rice a separate educational Press was maintained for all educational work. On the re-organisation of the Government Press some years ago the provision for the separate educational Press was absorbed in that of the Government Press and the separate Press was abolished. The necessity for reviving a separate educational Press has arisen again both in the interests of the Oriental Library and the Education Department in general. The educational work at the Government Press has not always given satisfaction. If Government approve of the idea I am willing in the interests of the department to undertake the control of a properly equipped educational press at Mysore for the printing of all educational publications under a competent manager. If not I request that Government will be good enough to make at their earliest convenience adequate provision for the printing work of the Oriental Library which cannot be satisfactorily done at

Bangalore when the Curator and his Assistants and proof-reader are at Mysore.

In continuation to my letter No 9884/324 dated 10th May/02 I have the honour to forward herewith copy of letter No 115 dated the 26th May 1902 from the Curator Oriental Library The work of printing the Sanskrit books of the Oriental Library device has come to a stand-still by the action taken by the Superintendent of the Government Central Press. The same work cannot be done at the Central Press as the Press has neither Devanagari type nor Devanagari Compositors. I recommend that an establishment

costing Rs 160 a month for carrying on the work of printing Sanskrit works may be sanctioned at the earliest convenience of Government so that the work of printing may be resumed.

2. I approve of the suggestion of the Curator that a small establishment for Kanarese printing at a cost of Rs 28 a month should also be added. The Oriental Library publishes not only Sanskrit works but is also expected to publish old Kanarese works which have not till now been printed. This work can best be done under the direct supervision of the staff employed in the Oriental Library. Moreover Mr S. G. Narasimhachar has recently been appointed Kannada Translator. Some Kanarese school books edited by him may also be printed in the Mysore Press under Mr Narasimhachar's direct supervision.

Enclosures

Sir,

In continuation of my D^o^s dated respectively 24th Ultimo and 6th Inst., I have the honour to state that, owing to the abolition of the Govt. branch Press at Mysore, the printing of the publications of the Oriental Library has come to a stop. All Devanagari type and the plant having been left behind here in Mysore, the work of printing can not at present be carried on at the Govt. Central Press at Bangalore, which does not possess the necessary type and plant. There are now several works on hand which have been only partially printed and the printing of which can be done correctly and neatly only under the personal supervision of the Editorial Staff of the Library. Under these circumstances, I

25 would propose the establishment of a small press in connection with the Oriental Library with the following establishment:—

	Rs – as – p
1 Foreman (who will be also Writer Proof-examiner &c)	60 – " – " (the pay of the former Foreman)
4 Devanagari & Kanarese Compositors on Rs 15, 12, 11 & 6	44 – " – "
4 Binders & Turners on Rs 8, 7, 6 & 6	27 – " – "
1 Pressman & Binder	7 – " – "
2 Peons on Rs 6 each	12 – " – "
1 Sweeper & Watchman	6 – " – "
Contingencies	4 – " – "
	160 – " – "

As most of the Kannada Educational Works to be hereafter published departmentally will have to be passed through the press by the Librarian Mr S.G. Narasimhachar who is now in charge of the duties of the Educational Kannada Translator, the printing of such works may be conveniently done under his personal supervision at the press proposed to be established in connection with the Oriental Library. The proposed establishment will then have to be strengthened by the following addition:—

	Rs – as – p
2 Kanarese Compositors on Rs 9,	17 – " – "
5 Convicts (as turners)	7 – " – "
Contingencies	4 – " – "
	28 – " – "

As the printing work of the Library is now completely suspended, I beg to request that early sanction of Govt. be obtained for the establishment of a press as proposed above, or some other suitable arrangements be made so that the printing of the Oriental Library Publications may be resumed at an early date.

I infer that the Kanarese papers which
the Principal wanted to be printed have

after some correspondence been taken in hand by the Superintendent but he has declined to take any measures for printing the Sanskrit papers and has returned the latter to the Principal.

2. Much inconvenience has already been felt about printing the question papers of other educational institutions in Mysore City that used to be printed at the Branch Press. I request that Government may be pleased at an early date to reopen the Branch Press at Mysore or establish a Press with a sufficient staff for all kinds of work in connection with the Oriental Library at Mysore.

(3). Correspondence ending with Docket No. 114 dated 27th August 1902 from the Superintendent, Mysore Govt Press, furnishing information on certain points regarding the abolition of the Branch Press at Mysore.

Order - No. 5683-5 / G.T. 185-1892 dated 18.10.02

The Government Branch Press at Mysore, as a separate Institution, was abolished by Govt Order No. 16516 / G.T. 135-92 dated 8th April 1902. This measure was carried out with the view of centralizing the Press work under the immediate supervision of the Superintendent, and of ensuring promptitude, efficiency

and economy in the Con-
-duct of the printing work
of the State.

2. The arrangement,
however, has since been
found to have caused
inconvenience in certain
respects. The Inspector
General of Education Com-
plains that the printing
of the works of the Oriental
Library, which was being
done in Sanskrit and under
the supervision of the Curator
and Pandits of the Oriental
Library, has come to a stand
still, that much of the
Kannada Translator's work
which can best be done
at Mysore, where the present
Kannada Translator is now
stationed, has to be done
in an unsatisfactory manner
in Bangalore, and that much
difficulty is caused in getting
printed the examination
papers of the Mysore
Maharaja's College,

Maharani

Maharani's College and the Normal School, which were formerly being printed at the Branch Press, Mysore. The Inspector General therefore recommends that either the Branch Press at Mysore be re-established, or that a separate Press be established at Mysore under the control of the Inspector General, called the "Oriental Library Press", or the "Educational Press."

3. The Branch Press at Mysore besides providing for the execution of the special works referred to above, served also as a useful auxiliary to the Central Press at Bangalore, work being sent thither when there was pressure in the latter. It was also very useful when Government went to Mysore during the Dasara and other occasions. After a careful consideration of the circumstances, therefore, Government are pleased to direct that the Branch Press at Mysore be re-opened at

at once and work be carried out in it as before.

4. The Superintendent, Govt. Press, is requested to make all needful arrangements for giving effect to the foregoing orders and report the financial result for the orders of Government. It is believed that, in making these arrangements, it would be possible to give employment to the Officials and Servants who were thrown out when the Branch Press was abolished.

As called for in his docket No. 6919 / Mus 1074, dated 6th instant, has the honor to furnish further explanation on the points as noted below:—

1. Not 4 but 3 men, namely Nos: 1, 2 & 11 are men not shown in Statement A. No. 18 in Statement B is the same man as shown in Statement A. No. 1 in Statement B is the man permanently borne in the Branch Press, but was transferred to the Central Press temporarily, there having been some misunderstanding between himself and the

then Foreman, and No. 2 of Statement A was sent from the Central Press in his stead temporarily, so while re-opening the Branch Press, No. 1 of Statement B, who has a local knowledge and has served in the Branch Press longer, is given preference and is appointed as Foreman. No. 2 of Statement B, who has 25 years' service in the Central Press, is sent as Section holder as none can be selected from Statement A, to fill the post. No. 11 in Statement B is a new hand, as most of the thrown out compositors or Binders can be appointed to do the duties of Turners.

2. The undersigned has thought it sufficient in the interest of Government to appoint a Foreman on Rs. 30/- instead of 60 as the work will considerably be reduced by introduction of fixed Establishment instead of piece Work.

3. No. 2 of Statement A will fill the vacancy caused by No. 1 of Statement B. So that No. 1 of Statement A is the only one to be borne as Supernumerary in the Central Press and will be absorbed soon, the whole of his pay will then be a saving to Government.

4. The first 2 men of Statement B are from Central Press as explained above.

Submitted that the best possible arrangements have been made and the results of the working of the new staff will be reported to Government

on

on the expiry of six months and if the staff found inadequate, it may be further strengthened.

Enclosure No.

Sir,

With reference to Government Office Memo No. 13657 8 / Misc. 2094, dated 12th March 1903, I have the honor to request that Government will be pleased to modify its order in so far as the date is concerned, and allow it to take effect from the 1st April 1903 instead of the retrospective date 1st November 1902 for the following reasons:—

When the Branch Press was abolished on the 1st May 1902, by order of Government No. 16516-7 / G.T. 135-9 dated 8th April 1902, there was a saving of Rupees 5308 per annum as reported in my letter No. 1023, dated 21st April 1902. But on the 1st November 1902 the Branch Press was re-established by order of Government No. 5683-5 / G.T. 185-92 dated

15th November 1902, on a cheaper scale, and an actual saving of Rupees 1708 per annum is still effected if my proposal were given effect to in entirety. So the Foreman employed on Rs 60/- and his services could be better utilized in the Central Press, on the re-establishment of the Branch Press, a man on less pay viz Rupees 30/- was sent in charge and the matter reported to Government on the 22nd October 19. in No. 196 of this office. As Government has now been pleased to order that the employee drawing Rupees 60/- should be sent to the Branch Press, Mysore, the present Foreman on Rs 30/- will have to reverted to the Central Press, on his former pay, and the two employees who got a step in promotion by the transfer will also have to revert.

It was with difficulty that men were got to go to Mysore on account of the prevalence of Plague in November last on the re-establishment of the Branch Press, hence if the order No. $\frac{13657-8}{\text{Dn. } 2094}$, dated the 12th March 1903 is to take effect from the 1st November 1902, it will work great hardship on these reverted men, who would have to refund the excess amount drawn by them during the last few months. The amount is a small matter to Government, but a great one to these hard worked employees. Therefore beg that Government will be pleased to alter the date as requested, so that T. Rangnadam will be in the Central Press as Supernumerary on Rs 55/- from 1st November 1902 to 1st April 1903, as he has been working the Central Press during the period.

Letter No. 525 dated 16th March 03 from the Supdt of Govt Press, Bangalore, requesting that the order of Govt (No 13657-8- misc 2094 of 12th March 03) sanctioning the establishment for the Branch Press at Mysore from 1st Nov. 02, may be brought into effect from 1st April 03, as it will otherwise create hardship in the case of those officials who have been ordered to work in the Branch Press since the date of its re-establishment i.e. 1st Nov. 02 and that Ranganadan the permanent foreman of the Branch Press may be treated as supernumerary from 1st Nov. 02 to 31st

31st March 03.

Also:—

D.O. letter from the above mentioned Officer, dated the 7 April 03 stating that as Ramanadan has already drawn pay as Foreman of the Branch Press while he was borne and working as supernumerary in the Central Press at Bangalore from 1st Nov. 02 to 31st March 03 it is enough now if the Asst. Official who was acting as Foreman of the Branch Press, is ~~treated~~ considered as a supernumerary on Rs 30/- a month during the period from 1st Nov. 02 to 31st March 03

under the special circumstances brought to notice, Govt are pleased to sanction that the official in question may be borne, during the period as a supernumerary on Rs 30/- per mensem attached to the Central Press at Bangalore.

2. The cost involved will be met from the savings under Estt of the Govt Press as mentioned.

3. It is observed that the above retrl is the result of the Supdt having acted in anticipation of sanction. Such an action will always lead to difficulties &

The Supdt should not have acted in anticipation of the sanction of Govt in a case of this kind.

-Shd be avoided in
future.
